Paxette

PAXETTE PANTO — the family camera without gadgets — one-button photography with fully automatic exposure setting! The perfect camera for colour or black and white shots! The "auto-magic" 35mm with built-in automatic exposure meter and deep focus, coated, colour corrected Ennagon lens. Set film speed when you load — from there on it's "one-button" simplicity. Just point, press and presto — perfect pictures. The "green light" in the viewfinder is your "go-ahead" signal, avoids wastage of film when light is insufficient! Price **\$59.95.**

Eveready case \$10.00. The Panto custom flash; sleek clip-on type flashgun for day and night shots under any conditions. Price \$7.95.

no focusing!  
no lens setting!  
no shutter setting!

# PANTO

no dial checking!  
no pointer matching!  
no calculating!

World's first  
35mm slide projector

# Paximat

with remote-control  
changing and focusing!

### "Armchair" operation at last!

Sit back, relax and enjoy the show while operating the Paximat-S, Carl Braun's revolutionary new slide projector with "twin-button" remote control for slide changing and individual focusing for every slide. Amazing 500 watt performance from a standard 300 watt lamp results from the all-new optical condenser system and super-fast 2.8 lens. The Paximat-S accepts inter-mixed cardboard, glass, plastic and metal slides and operates with smooth precision regardless of the conditions of the mounts. Sturdy all-metal housing. Price..... **\$99.50**  
Carrying case \$13.95

PAXETTE the precision 35mm cameras manufactured by Carl Braun of Nuremberg, Germany — world famous as the pioneers of budget priced quality cameras to meet the demands of the modern family. Among the multitude of brand names now offered in the 35mm class, Paxette stands out for its proven quality and popular prices — well over one million Paxette cameras have been sold. Be safe, be sure — pick a Paxette!

## SUPER Paxette II

A beautifully made 35mm camera that will delight the amateur who has now realized the advantages and convenience of 35mm photography. Sturdy construction, precision craftsmanship and compact design, with every feature required for top-quality colour or black and white photography. Prontor SVS shutter 1 sec. — 1/300 sec. Full MX flash synchronization. Self-timer. Rapid lever wind transports film, cocks shutter and advances film counter. Coupled rangefinder. Price with colour corrected, coated f/2.8 Staebler Kata lens \$59.95.

### PAXETTE IL

All the features of the Super Paxette II., but without coupled rangefinder, \$49.95.

35mm f/3.5 Braun-Lithagon  
w.a. — \$65.00

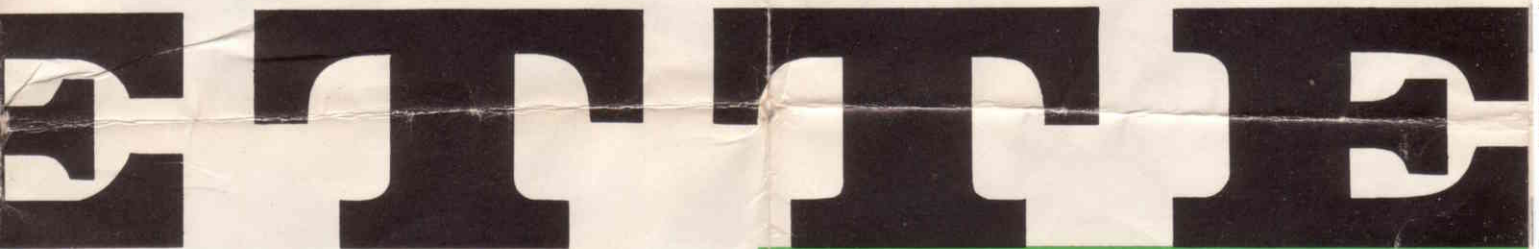

135mm f/3.5 Braun-Tele  
Ennalyt — \$69.95

### SUPER PAXETTE III AUTOMATIC

World's first all-automatic 35mm with interchangeable lenses. The camera that combines the simplicity of automatic exposure setting with the versatility of interchangeable lenses — wide angle, normal and telephoto. All the calculations necessary to first-class photography are solved by the matching of two pointers conveniently located in an "easy-to-check" window. All the intricacies of aperture setting and shutter speeds are eliminated by one simple operation. The famous Prontor SLK shutter with speeds of 1 sec. to 1/300 sec. is fully synchronized for flash or strobe, and incorporates a self-timer. Luminous triple-frame viewfinder for easy accurate picture composing with all lenses. Built-in coupled rangefinder permits smooth, finger tip focusing with all three lenses. All lenses for the Automatic are produced by the famous Ennawerke, pioneers in rare-earth lens development; all have bayonet mount for rapid changing. Rapid lever wind transports film, cocks shutter and counts exposures thus preventing the annoyance of accidental double exposure. These and many other modern features of design and operating simplicity make this a camera you will be proud and happy to possess.

With f/2.8 Braun Color-Ennit lens . . . . . **\$125.00**

With f/1.9 Braun Color-Ennalyt lens . . . . . \$150.00

- *interchangeable lenses*
- *coupled rangefinder*
- *luminous triple-frame viewfinder*

**\$69.95**

## SUPER Paxette III

A superb camera that brings the exciting wide-scope of interchangeable lenses within the budget of every photo fan. Luminous triple-frame viewfinder shows field of view for all lenses from 35mm wide angle to 135mm telephoto. Simple, fast, needle-sharp focusing with the built-in coupled rangefinder. Flash synchronization with bulb or strobe, and self-timer for delayed action shots, are incorporated in the Prontor SVS shutter; speed from 1 sec. to 1/300 sec. Rapid lever wind for transporting film, cocking shutter and advancing film counter. Price with f/2.8 Staebler Kata lens \$69.95.

- *built-in exposure meter*
- *coupled rangefinder*
- *interchangeable lenses*

**\$92.50**

## SUPER Paxette IBL

The complete 35mm camera — all the features of the popular Super Paxette III in a deluxe model which offers the convenience of a built-in Bewi Automat exposure meter. Just line up pointers and the dial gives you the exposure setting required. Needle sharp focusing with the precision built-in rangefinder coupled to whichever lens is in use. Luminous triple frame viewfinder facilitates accurate picture composition with all lenses — no accessory viewfinder is required. Price with f/2.8 Staebler Kata normal lens \$92.50.
